## CRUCIFIXION IS STILL PRACTICED

Barbarous Custom Was Observed in New Mexico Good Friday.

(By the Associated Press)  
ALBUQUERQUE, N. M., March 30.—Two men were crucified at the penitente village of Abiquiu, in northern New Mexico, on Good Friday, in observance of Holy Week in rites performed by members of the Hermanos de Luz, Brothers of Light, a religious order, according to P. J. Nordfeldt and Gustave Paumann, artists of Santa Fe, New Mexico, who arrived here yesterday. They were members of a party of two dozen tourists who witnessed the crucifixion and flagellation ceremonies connected with it.  
For more than half an hour, the artists say, the two human sacrifices were tied to huge wooden crosses, at the end of which time they were taken down bleeding and exhausted. The condition of the men is said to be serious and their recovery is doubtful. The penitents as the Hermanos are more commonly known, are Indians and Mexican followers. The order has many followers, it is understood, in remote villages of the state. Although supposed to be dying out the order still attracts wide attention because of the mysteriousness of its ceremonies which Americans seldom are able to witness. The principals and practices of the order are said to have come from Italy through Spain and Mexico. It is considered an honor among the penitents to be selected for crucifixion.

## COMMUNIST REVOLT HAS NOW SUBSIDED

BERLIN, Mar. 30.—Advices from Central Germany state the communist revolt which appeared threatening last week is rapidly disintegrating into minor outbreaks. Declaration is made that the backbone of the projected revolution there has been definitely broken.  
Sporadic strikes are reported from Halle and Jena where electric power plants are shut down and attempt to tie up the Ruhr district has been made, but the latter attempt has failed, except at Reimscheid, where about half of the workers in various plants have failed to report for duty. Communists are still interfering to some extent with railroad traffic at various junctions in West Germany.  
Greece Claim Gains.  
ATHENS, Greece.—Continued success against the Turkish nationalists in Asia Minor are reported from the Ushak and Brussa fronts, according to an official statement issued here. The Greeks, it is declared, are not encountering much resistance in their advance toward Eski-Shehr.

## SENATE VOTES TO QUIT SATURDAY

Four Members Vote No; Luther Harrison One of Them.

(By the Associated Press)  
OKLAHOMA CITY, March 30.—The senate this morning passed a senate joint concurrent resolution fixing the time of sine die adjournment at 12 o'clock, noon, Saturday, April 2. The vote was 31 to 4. Senators Durant, Harrison, Horner and Sherman voting "No".  
When asked what action the house would take on the senate resolution regarding adjournment, Speaker Schwabe of the house said there was a possibility of it being adopted.  
There were evidences in the house today of a rush to conclusion of work. Eleven bills were rapidly advanced for engrossment and third readings. There was little debate, that developing often being cut short by application of roll call. There seemed to be a tendency on part of members to refrain from debate, in order that members might shove their bills through.  
The senate spent the morning session in consideration of senate bill number 432, authorizing the state board of education to set aside a portion of the campus of each of the state normal schools on which to construct a dormitory. Arguments waxed hot at times. By a vote of 24 to 12 a motion was adopted to postpone indefinitely further consideration of the bill. Senators Holloway, McPherrin and Cartwright championed the measure, with senators Hill, Rutherford and Horner leading the opposition.

## Katy Company To Get Gravel Near Ada for Ballasting

Officials of the M. K. & T. railway company recently inspected several large gravel beds lying along the Katy right of way three miles north of Ada and announced that the company will be able to secure enough gravel there to furnish ballast to rebuild their roadbed between Atoka and Oklahoma City.  
It is said that the Katy roadbed is to be re-ballasted the entire distance from Atoka to Oklahoma City, and that new rails are to be laid during the coming summer. When this work is finished the company will have one of the best pieces of track to be found in the state.  
The Ada Chamber of Commerce called the attention of the railroad company to the large gravel deposits which abound in this section of the county.  
Previously Acknowledged — \$562.00  
Collected March 30 — 33.00  
TOTAL — \$596.00

## POSTMASTER HAYS IS "HUMANIZING" HIS DEPARTMENT

Postmaster General Will Hays has already started his plan for "humanizing" his department, as he calls it. One of the first things he did after taking office was to personally meet and shake hands with every employee of the post office department. This move is to be followed by a similar neighborly visit to the Washington post office and then a field inspection of all the larger offices in the country. The photograph shows Postmaster Hays shaking hands all 'round.

## NORMAL ATHLETES SHOWING UP WELL

Clary Will Enter Men in Inter-Collegiate Meet This Year.

The Normal is turning considerable attention to athletics this year coming out strong for baseball and several track events. Many good men are enrolled this term who are showing up well in the different classes. Coach Clary, who has charge of all the Normal athletics, is well pleased with the showing of his men, both in track and baseball.  
The latest addition to his force of athletes is George Washington, well known all round man of the county and district. Washington holds first place in the 100 yard dash, pole vault, and shot put for the district and has won high honors, in both county, district and state. He is coming out for several track events.  
Other men who will take part in track events are Conn Roach, who is coming out for sprinting, hurdles, and high jump; Hardy Roach who is coming out for hurdles and javelin; Jesse Hodges who is showing up well for the mile and mile relay race; Lester King who is coming out for javelin shot put, discus and other events. The relay team will be composed of Washington, Hodges, Guy Orr and another man, who has not yet been selected.  
The baseball team is also showing up well with several old men and ones who have had some experience. The men who will compose the team are Conn Roach, Guy Orr, Guy Tinkle, Homer Burkhardt, Cliff Tinkle, Jop Rogers, Lloyd Chisom, Floyd Dorsey, Northcut, Wadlington and Cooper. Dorsey and Cooper will be used on the mound and both are doing good work at practice.  
Clary has already secured two games with the Tishomingo A. & M. College, two games with the O. B. U. at Shawnee and two games with the School of Mines. Other games will be scheduled later.  
The ball ground is being worked on daily and will be put in the best of condition. All the men are showing a great interest in the work and Clary hopes to make an excellent showing this season.

## FARMERS FIGHT GUN DUEL AT WYANDOTTE

MIAMI, March 30.—Louis Bolton, 75 years old, and Ora Rowe, 30, farmers residing near Wyandotte, are dead as a result of a gun duel late yesterday afternoon on a tract of land each man claimed to own.  
According to statements of eye witnesses to county officials the men had quarreled over the land and Bolton and his son had torn down a fence erected by Rowe.  
Bolton's widow is an invalid and Rowe is survived by his widow and two small children.  
THE WEATHER  
Tonight and Thursday mostly cloudy; somewhat colder tonight; probably freezing in north and west portions.

Cambridge Wins Race.  
LONDON, March 30.—Cambridge won the annual race with Oxford today over the four-mile course on the Thems.

Receivers Sale Postponed  
FT. SMITH, March 30.—The receivers sale of the Fort Smith & Western railroad has been postponed until April 4, with the consent of the court, it was announced today.

## WIDOW'S HOME IS DYNAMITED

Five Men Are Arrested in Connection With Crime.

(By the Associated Press)  
MUSKOGEE, March 30.—Four men from Oktaha, 11 miles south of Muskogee, were lodged in the county jail here today pending an investigation of the dynamiting of the home of Mrs. Lydie Stone Clinton, on the farm of G. E. Sidney, about two miles south of Oktaha early today.  
The Clinton family, mother and five children escaped injury in the blast which tore away a large part of a sleeping room, that was not occupied at the time of the explosion.  
Deputies from the sheriff's office investigating the affair say two charges of dynamite were used to blow up the house.  
MUSKOGEE, March 30.—A four-room frame residence on the farm of G. E. Sidney, 11 miles south of Muskogee, occupied by Mrs. Mary Stone, a widow, and her seven children, was dynamited early today. No one was injured.  
Five men have been arrested, among the prisoners who are being brought to Muskogee is Sidney. Authorities at Paktaha say no charges have been preferred against the men.  
Authorities say the explosive was placed on the roof of the house directly above a room that had been occupied as a sleeping room. They say Mrs. Stone told them that she and her family had been threatened and upon the urgent pleas of her oldest son, 16, they had not occupied that room last night.  
Blood hounds have been ordered to the scene by Sheriff Jim Robbins.

## SCHOOL OF INSTRUCTION

The school of instruction now being conducted by Ada Lodge No. 119, begins promptly at 7:30 tonight. All members are urged to attend. Visiting Masons welcome.—John Thrasher, W. M.

## PREPARING FOR ROAD MEETING

R. A. Singletary Will Be the Speaker, Large Crowd Expected.

R. A. Singletary, secretary of the Oklahoma Road association, will deliver an address at the Normal auditorium, at 2 p. m. Tuesday, April 5, under the auspices of the Good Roads Motor Club. This meeting was to have been held March 24, but as persons all over the county desired to hear Mr. Singletary and the roads were next to impassable at that time, the date was postponed to April 5 with the hope that the condition of the roads would permit out of town folks to attend.  
Singletary is said to be the best posted man on road questions in the state of Oklahoma and he is a splendid talker. Those who attend the meeting will be well repaid for the time spent in making the trip to Ada. All of the stores and other business houses in the city will be closed from 1:30 p. m. to 3 p. m., in order to give every one an opportunity to attend the meeting, and in addition to the great number of persons who will be here from all of the towns of the county, delegations are expected from Shawnee, Asher, Sulphur, Atwood, Calvin, Stratford and several other cities.  
This will be the most important road meeting ever held in this section of the state and the local members of the Good Roads Motor club are making arrangements to take care of a very large crowd. Free transportation will be furnished every one who desires to attend the meeting, from the business section of the city to the Normal and return.  
Following Mr. Singletary's address, the Good Roads Motor Club will be formally organized by electing permanent officers for the organization. The club has several hundred members, including most of the car owners of the county and the work outlined for accomplishment in this county appeals to every one who is familiar with the plans.  
Every one, whether a member of the club or not, will be welcome at the meeting and all are urged to attend.

## INTERSTATE COTTON COMPRESS BURNS

(By the Associated Press.)  
OKLAHOMA CITY, March 30.—Investigation of the \$580,000.00 fire which late yesterday destroyed the plant of the Interstate Cotton Compress company here, and 9,413 bales of cotton, was being conducted today by Tony Myers, fire chief. The fire started before 6 o'clock yesterday and was still smoldering today. Bales of cotton were continuing to burn slowly and firemen are on the scene.  
Superintendent Laughlin of the compress said probably a few bales could be salvaged.

## WEEKLY WEATHER REPORT IS BAD

All Vegetation Is Frozen; Wheat and Oats Also Suffer.

(By the Associated Press)  
OKLAHOMA CITY, March 30.—The weekly report of the United States weather bureau here, issued today, is largely a recapitulation of the damage done by the recent freezing temperatures and frost.  
"Hard freezes Sunday and Monday night caused great damage," the report says. "All vegetation was frozen stiff. Alfalfa, wheat and oats suffered a temporary set back. Early planted corn, potatoes and tender garden truck were nipped to the ground. Some corn probably will have to be replanted."  
The reports say that while the weather is generally good to very good condition, green bugs are again reported quite general, but did no serious damage to the crops during the week, the report concluded.

## SANATORIUM AT CLINTON GETS APPROPRIATION

(By the Associated Press)  
OKLAHOMA CITY, March 30.—The general departmental appropriation bill, expected to be reported out yesterday by the house committee on appropriations, will be reported today, it was announced by D. S. Bailey, chairman of the committee last night. Inability of clerks to copy the bill prevented its being reported yesterday, he said.  
The senate yesterday passed an appropriation of \$420,000 for the state tubercular sanatorium at Clinton.

## OILTON SHOOTING TO BE INVESTIGATED

(By the Associated Press)  
OKLAHOMA CITY, March 30.—Assertion that the investigation of the state banking department failed to reveal corrupt practices of the banking commission, but charges that a certain political attorney appears to have undue influence in getting charges for banks, were contained in a report submitted today by the investigating committee of the house of representatives.  
The report recommended certain changes in the state banking laws.

OILTON, March 30.—Investigation into the shooting here Monday night of Earl Randall and Jim Fox as the result of a clash between a vigilance committee and an alleged gambling ring, was being conducted today by the sheriff and his deputies from Drumright. It is claimed at Oilton now that the shooting was the result of an attempt to burlesque the election yesterday by Oilton to become a city of the first class by opponents of the plan. The proposal carried two to one.

## FREELING TO HELP PROSECUTE ROBBERS

(By the Associated Press)  
TULSA, March 30.—A. B. Christman, Eddie Chauquette and Frank Stanley, the alleged Sperry bank robbers, will be tried separately. A severance was granted by Judge Cole shortly after court convened this morning when the case which loomed forward as one of the most important to come to trial in the Oklahoma Bankers' association against the bank bandits.  
Attorney Ed. Crossland and J. M. Springer, for the defense, demanded a severance which was granted by the court without objection by the state. Attorney General Freeling is in charge of the case for the state. He was assigned to the case by Governor Robertson because of the importance of the result and the objection made against County Attorney Severes handling the preliminary steps by the Oklahoma Bankers' association.

## CHARLES TO TAKE HUNGARIAN THRONE

(By the Associated Press)  
BUDAPEST, March 30.—Former Emperor Charles, of Austria Hungary, made his visit to Budapest Monday with the idea of taking possession of the Hungarian throne, but was unable to induce the Hungarian government to fall in with this plan, it has been learned by unofficial but excellent sources here.  
Official confirmation of the fact of the ex-ruler's visit was supplied today.

## MILLERS IN CITY ARE OPTIMISTIC

Production 60 Per Cent of Maximum; Good Business in Spring Predicted.

OKLAHOMA CITY, March 29.—With wheat prices at the lowest ebb since 1916, plenty of wheat is available to the mills, George C. Grogan of the Acme Milling company said Saturday. Farmers who held back their wheat last fall in anticipation of \$3 a bushel now are selling for \$1.36. The flour market is weak and mills are operating at 55 to 65 percent capacity, officials of several Oklahoma City mills reported. About 60 percent of the normal labor is used to operate the mills at present.  
The general feeling among Oklahoma City millers is optimistic. Millers predicted that in spite of the surplus on hand from last year and the marked decrease in the consumption of white flour in the United States during the last three or four months, business will pick up this spring. Hopes for better business are based principally on the anticipated resumption of foreign trade.  
Since the war, millers explained foreign countries, particularly England, have been buying whole wheat and have not been purchasing flour from American mills to any great extent. They believe the abolition of the Royal British commission will bring about better trade conditions, at least from the American standpoint. However, the situation will not materially improve until some readjustment is arrived at in regard to the question of exchange. In English money, with the pound of sterling at four-fifths of its normal value in relation to the American dollar, what seems like a high price in the Englishman is a low price when translated into the American dollar. The same applies in much greater measure to the French franc. Selling to Germany is out of the question, with the German mark worth one-twenty-fourth of its former value in American money.  
"The question has shown marked improvement in the last month or two," Grogan said, "and I believe the general feeling is that it will continue to improve. However, it will be some time before we can look for a return to normal."

## SEARCH FOR DEAD BODIES CONTINUES

(By the Associated Press)  
CHICAGO, March 30.—Hints of sensation disclosures as a result of yesterday's explosion in a clandestine fireworks factory on the west side became known today with the appearance of fresh investigations in the case. At least eight persons were killed.

CHICAGO, March 30.—Search for bodies continued today in the ruins of the warehouse destroyed by an explosion yesterday. Firemen and police dug also for evidence in which at least eight persons were killed and several more injured. Shirley High, fire attorney, planned to question again today, Edward and Isadore Shaffer, sons of the proprietor of a concern which city authorities believe has been manufacturing and storing fireworks in a building adjacent to the destroyed warehouse. City ordinances forbid storage of fireworks within the city limits.

## MIAMI AIRPLANES NOW AT RICHMOND

(By the Associated Press)  
WASHINGTON, March 30.—The two marine corps airplanes enroute to the Virgin Islands landed at Richmond yesterday afternoon the navy department was advised today. No previous word of the whereabouts of the planes had been received since they left here yesterday afternoon.  
The message dated Richmond and filed yesterday afternoon reached the department today. It was reported by Major J. C. Turner, commanding the expedition, that the machine and their crews were alright and would proceed today.  
RICHMOND, Va., March 30.—The two marine corps airplanes which landed here yesterday from Washington enroute to the Virgin Islands took the air again at 9:30 a. m. today bound for Fayetteville, North Carolina, where they were to have spent the night.  
Capital punishment prevails in 33 states.

**The News Takes Its Medicine**  
\*\*\*\*\*  
Paradoxical as the assertion may seem, the News will, beginning April first, reduce the price of its wares in an effort to keep from going bankrupt. Strange, isn't it?  
The fact remains, however, that the merchants and business men of Ada claim that our advertising rates are too high. And this in face of the fact that we have the lowest rate of any like paper in the state, and also carry less advertising than similar papers in similar cities.  
In lieu of these conditions—over which we have no control—we are making a wholesale reduction in advertising rates, beginning day after tomorrow, to the extent of about fifteen percent, applying to both open space and contract customers.  
The rate offered now will bar no business man who wants to see a daily newspaper maintained in Ada, and unless there is enough additional space contracted for, over and above that now being carried to make up the loss between the rate now in effect and the rate to go into effect Friday of this week, it is certain that the News will have to resort to drastic steps to save its scalp.  
We have made a manly and desperate effort to give the people of Ada a paper of which they might feel proud—and we believe we have succeeded thus far—but it is certain that we cannot long stem the tide with the losses that are being sustained now and which have been with us since last November.  
We have faith yet, however, that there are enough men in business in this city who realize the value of advertising to their business—and who realize the value of a daily newspaper to the city and community—who will come to the front and say that our rates are now low enough; that they want to see the News make expenses; and that they want to practice the live and let live policy.

## THE ROAD MAP DOESN'T LIE

Don't let anyone tell you it is hard to get along in business in this country.

Success is so easy that the only thing which can keep you from prosperity is yourself.

Bradstreet's Journal long ago established that business success is largely personal—that failure is due to faults which are easily avoidable.

Barring war, floods, earthquakes and other great disasters there stands but little in your way except factors depending entirely upon you personally.

More than 80 percent of business failures are avoidable; less than 20 percent are unavoidable.

The chief cause of failure is incompetence and surely that fault is curable. The public libraries are teeming with books on business, books which point the way. With so many sources of business knowledge always at hand, no one need to be incompetent.

In your journey to success read the road maps. The road maps don't lie. If you fail to reach your destination it is because you would not bother to read the directions.

Few failures are due to competition. This country is so large and its opportunities so vast that there is room for every worthy enterprise.

Here is a road map to success: Be honest, be thrifty, pay attention to your business, do not speculate, be careful in extending credit, learn by the experience of others, do not over-extend your business beyond the limits of your capital.

All of these things are wholly within your control. There is nothing difficult about any of them. Yet eighty out of every hundred business failures are due to disregard of these simple directions.

No, the road map does not lie. Just follow the plainly indicated road and you'll "get there."

## HOW TO GET WHAT YOU WANT.

The way to get what you want is to WANT IT.

That sounds simple, almost puerile.

Yet it expresses a fundamental truth of human nature, or of psychology, if you prefer the word.

The measure of your success is determined by the strength of your desire. You can get practically anything you want, if you desire to get it is strong enough.

Placidly wishing for things will not get you anywhere. Hoping, longing, dreaming will serve you no better.

But an ardent, overwhelming desire—of the proper intensity—will carry you to your goal.

Your every thought and action will then be guided and inspired by the vital impulse of desire. If your desire is to make money, then ideas, plans, schemes for earning and saving will flock into your mind.

Ways of making money will be discovered which would have remained unknown to you without that secret, powerful desire within you to stimulate every faculty.

If your desire is to be influential as a public speaker, as a writer, or if you have other worthy ambitions, you positively can attain them if your desire is strong enough.

You can be anything that you want to be. The human brain is a mysterious and marvelous substance. We do not wholly understand it. But some of its unexplained powers we know. It is not necessary for all of us to study and experiment in connection with the subject. Sufficient for us it is to know the facts which have been established, without the technicalities of science entering into our consideration.

The way to get what you want is to WANT it—to WANT it with all your might. Accept that statement without argument. Make it part of your philosophy. And note how you climb toward your selected goal.

## A RANK DECISION.

The Kansas City court of appeals rules that "uh huh" does not legally signify consent, and cannot be translated (legally) as "yes." The matter before the court was a wedding ceremony. The duty of a court is not to hand down language decisions—leave that to the school teacher—but to pass upon the law in the case. And most everybody knows that "uh huh" means "yes."

## DANGEROUS EXPEDIENT.

In an Eastern bank which does a 12-million-dollar business, should a bandit hold up the cashier, all anyone else in the bank has to do is to push a button which sets gigantic sirens to screaming in the streets and brings a swarm of policemen and citizens to the rescue. Some day somebody is going to touch one of those buttons accidentally. Then the bank force will have to seek cover to save its life.

## ESCH NAMED TO COMMERCE BOARD

John J. Esch.

John J. Esch, former congressman from Wisconsin, has been appointed a member of the interstate commerce commission by President Harding. Esch, while serving in congress, helped to frame the Esch-Cummins law.

## The Forum of the Press

Wewoka (Capital Democrat): Never complain to an editor that he does not print all of the news. He might do so—much to your confusion.

Heddon Herald: And now, gents, if any of you happen to be possessed of a "lady friend," watch your step. Else some sweet morning you'll wake up on your way to the hospital where you'll buss the M. D. on both cheeks as an initial preparation for the trip across the Styx.

Heddon Herald: The sign once displayed in the dining room of a North Carolina hotel announcing that "to prevent guests taking fruit from the tables, there would be no fruit," about expresses the views of dry leaders in congress with respect to the new ruling as to medicinal beer.

McAlester News-Capital: Colonel Proctor, the man who made soap popular, wants to know about \$100,000 contributed during the Wood boom for president. My goodness, isn't he old enough at the political game to know that water that's run under the bridge is gone forever?

Chickasha Star: The indications from Washington are that Postmaster General Hays is not going to abrogate the civil service rule for postmasters entirely. It is said that Hays has worked out a plan whereby the applicants for the postoffice job must pass an examination and that the postmasters will be chosen from the three highest. Hays believes that a postmaster should be fitted for the office he seeks and the examination will be one of the means of testing his fitness.

CHICKASHA EXPRESS: In accepting a wage reduction of from 12 to 154 per cent, under an agreement reached this week, the workers in the packing industry have shown sound judgment. With stockmen and farmers sustaining huge losses as a result of falling prices of their products, with profits of big business and little business cut in many cases to nothing and large corporations passing their dividends, public sentiment will not approve that attitude on the part of any class of workers, which makes them unwilling to share in the losses incident to the readjustment of business.

## UNUSUAL CONDITION

Texas Lady Suffered With Pulling and Aching Pains in Her Back, Which Cardui Relieved.

Houston, Texas.—Mrs. C. D. Cook, of 1912 Whitty Street, this city, recently said: "About four months after my marriage, I . . . began suffering much pain, and knew that my condition was unusual, but couldn't just decide what was wrong. I had to go to bed. . . .

"All across my back and hips were pains, pulling and aching until I could hardly sit up. I stayed in bed a few days. My husband had heard of Cardui . . . so I told him he might get it. "After I had taken Cardui a few days, I was up. I took five bottles and haven't been in bed since for this trouble, for if I have the least symptoms of this trouble I get Cardui and take it in time.

"I have a number of friends who have used Cardui, and they recommend it very highly."

The experience of this Texas lady is similar to that related by thousands of other women. Cardui is purely vegetable, and mild and gentle in its action. Cardui may be the very medicine you need if suffering with womanly troubles. Take Cardui. NC-134

## COUNTY MEET TO BE GREAT EVENT

Leading Schools of County Manifest Interest In Field Events.

What promises to be the greatest county event in history will be the Eight Annual Track and Field Meet of Pontotoc county to be held here on Friday and Saturday, April 15 and 16. Rules, plans and other necessary arrangements are being made and those in charge of the event hope to make it a greater success than has ever before been held.

The meet will be held at the Normal, literary events being given in the auditorium and track events on the Normal field. Entries will be made practically from every school in the county, especially in the high schools. There will probably be a greater number of pupils entered in the various classes than ever before and many good athletes in the county will take part.

## Prizes To Be Awarded

A loving cup will be awarded to the winning school and other prizes awarded to winners in the various classes and events. The Roff high school was winner of the cup last year and the school winning it for three consecutive years will then retain it as their permanent property. For the school winning highest score in B class a penant will be awarded. One will also be awarded to the highest scoring school in A class baseball, choruses, relay races and ribbons will be awarded to winners of first, second and third places in the different events.

## Baseball Interest Large

Most interest will be shown in baseball and music. These two events have taken a great part of the interest of the students and owing to the fact that this interest increases from year to year, it is expected that it will be much better and larger this year than ever before. Several of the schools have

good athletes who will come out for the field events and a good two days of sport will be enjoyed.

## Four Session for Meet

The preliminaries in most events will be held on Friday and finals will take place Saturday. All baseball games will be played Saturday and the meet closes Saturday afternoon. The different sessions will be held at 2 p. m. Friday in the Normal auditorium, 7:30 p. m. at the same place Friday night, the third general session will be held Saturday morning beginning at 8:30 a. m. and the last session will be held in the afternoon beginning at 1 p. m. and continuing until all events are completed. The awarding of prizes will follow.

## Schools Report Early

All schools are advised to have their entries in to the committee in charge of the meet by April 9, if proper classification is to be made. T. K. Treadwell is president of the county association. The schools who will be the leading contestants are Ada, Roff, Francis, Allen, Center, Fitzhugh, Stonewall, Lula, Colbert and Latta.

The points counted will be as follows: 5 points for first place; 3 points for second place; and 1 point for third place.

## A Word to the Wise

"In March I was called to the bedside of my sister in Brewton, Alabama. She was given up to die and was almost dead. Talked in a whisper. Doctors said nothing but an operation would save her and she was too weak for that. Her color was yellow as a pumpkin and she was filled with gas. That day I heard of May's Wonderful Remedy and went and got a bottle for her. In three weeks she was able to be about and walked a mile to church. I am praising your medicine to everyone." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays Drug Co., and druggists everywhere. (23)

## Ability

Real ability to do, or make, or build comes with long experience.

When you want a new suit, you can depend upon the ability that comes with the 75 years' experience of the Clothcraft Shops—the longest clothes making experience in the country.

When you combine this ability with sensible styles and the most dependable fabric—you're bound to get satisfaction—exactly what you ought to get.

After being tested by over a half million wearers—it has been proven that for wear—service—looks—most for dollar—you can't beat Clothcraft Serges—we guarantee them—and so does the manufacturer, who makes the biggest selling serge suit in the world—in the largest single clothing plant known.

Your ability to judge quality will quickly perceive the wear in these Serges. See yourself in one of them before another day has gone—in blue, brown or gray.

## Sundown

(This simple and affecting prayer by the late "B. L. T." who died recently, was printed in his "Line of Type or Two" column in the Chicago Tribune, October 29, 1919.)

When my sun of life is low,  
When the dewy shadows creep,  
Say for me before I go,  
"Now I lay me down to sleep."

I am at the journey's end,  
I have sown and I must reap.  
There are no more ways to mend—  
"Now I lay me down to sleep."

Nothing more to doubt or dare,  
Nothing more to give or keep;  
Say for me the children's prayer,  
"Now I lay me down to sleep."

Who has learned along the way—  
Primrose path or stony steep—  
More of wisdom than to say,  
"Now I lay me down to sleep."

What have you more wide to tell,  
When the shadows 'round me creep?  
All is o'er, all is well—  
"Now I lay me down to sleep."

## Mrs. Ingram Returns

Mrs. Anna Ingram, who has been visiting relatives in Ft. Worth, Wichita Falls, Cleburne and other points in Texas for the past six weeks, returned to this city yesterday to spend a few days visiting her many friends.

Mrs. Ingram will leave in a few days to join her son, Harris, who is in the U. S. Naval service and is now stationed on Samoa Island. He has many friends here who will be glad to hear from him and to know that he is well. Harris was formerly assistant advertising manager of the News, resigning that position to re-join the navy.

Mrs. E. T. Logsdon left today for Tulsa where she will be the guest of friends for the remainder of the week.

Mrs. Henry Bowles arrived in the city last night from Wetumka to spend a few days visiting her brother, Charley, and family.

Mrs. F. J. Gordon, who has been in Muskogee for the past month visiting her daughters, returned to the city yesterday.

Miss Ruth Bolton and Mrs. L. L. Jenkins of Durant arrived in the city today for a few days visit with friends.

Miss Glennie Washburn left today for Oklahoma City to spend the week with her sister, Mrs. Henry Islam and other relatives.

Mrs. E. T. Burk left yesterday for Waldron, Arkansas, where she will spend several days visiting her sister, Laura James and family.

Mr. and Mrs. Burris Crandall have returned to the city after spending a few days in Okmulgee and other points with relatives and friends.

Mr. and Mrs. Z. E. Charleton and Miss Ira Charleton are enjoying a visit from their sister, who arrived in the city last night for a few days visit here.

W. E. Harvey and family are moving into their beautiful new home on East Ninth street today. They will be at home to their friends there after this week.

Mr. and Mrs. Paul Swain returned to their home here last night after spending several days in Okmulgee visiting relatives and friends.

Mrs. J. H. Kirby left today for Boswell, Oklahoma, where her parents, Mr. and Mrs. W. B. Gay are now located. She has received word that her father is ill and will be at that place until he improves.

## EACH SEASON HAS ITS CO-ED FROCK. HERE'S 1921 MODE

By ELOISE.

About eight years ago a New York designer had a happy idea for a smart frock and he called it a "co-ed" suit. Since then every season has had its co-ed style for girls and young women. Here is the 1921 version of the co-ed frock. It is, as always, simple as to line and mode and youthful in effect.

This particular style is made of lovely white Roshanara crepe. Its most attractive feature is the quilted collar and piping which trims the cuffs, belt and pockets. The quilting is satin in bright sweater shades. Tomato, jade, folly and orange are the popular colors. The hat is a ribbon model to match the trimming.

## 17 Men Out of 18 Join Association At Lovelady Meet

The interest which the farmers of Pontotoc county are taking in the Oklahoma Cotton Growers' Association and the willingness with which they join it, once they understand what the association proposes to do for them, was demonstrated last night at the Lovelady school house, when, following an address made by W. L. Walker, the state organizer, seventeen of the eighteen men present who were eligible to membership joined the association.

Mr. Walker's address was made following a school entertainment which was attended by a large crowd of country folk. He explained at length and in a very capable way how the Oklahoma Cotton Growers' association will benefit its members by selling their cotton direct to the spinner.

Mr. Walker is a cotton farmer, himself, and knows how to present his subject so the farmers can understand it. Only 18 men in the audience were eligible to membership in the association, and after Mr. Walker's address 17 of them joined.

The state organizer has been working in Pontotoc for several days and will be here some time yet. He reports that the cotton farmers in this section of their state are lining up for the association in an altogether pleasing way, and makes the prediction that Pontotoc county will not be behind with its quota when the final report is made. He will deliver an address to the farmers at Vanoss, Thursday evening.

## Proclamation of Six Governors

To All of the People of the Southland

GREETING: The progress, growth and development of the cotton producing states is largely dependent upon "King Cotton." From field to factory millions of our people are affected by the cotton industry. With millions of bales of cotton carried over from last season's crop and another big crop coming on, something really constructive must be done toward a greater consumption, as one means of alleviating a grievous situation which now exists and confronts us.

Therefore, we, the undersigned governors of the south and of the cotton producing states, do hereby endorse and commend the national organized effort now being made by "The Cotton Consumers' League of America," looking toward a greater consumption of cotton fabrics, cotton wearing apparel of every kind, character and description, as a step in the right direction. We call upon all our people to join hands in this splendid movement and urge upon them the necessity of starting in the home, where such a movement should begin and originate, toward wearing and consuming more cotton.

We further urge the united, enthusiastic co-operation of every Chamber of Commerce, Board of Trade, Club and other Civic organization in the south and the nation in this movement, and thereby materially aid in the stabilization of the cotton industry.

Furthermore, we invite the co-operation of the press, that splendid organization of the land, which immeasurably directs and moulds public sentiment, to the use of its columns and editorial pages toward crystallizing public sentiment to the end that more and more cotton should be consumed, believing as we do that "Charity begins at home."

Likewise, we cherish the hope that the united effort of the pulpit, the public schools and woman's clubs of the south will join in the movement and launch a barrage so intense that not only all the people of the southland, but the nation as well, may be called back to cotton, on which the well-being of millions of our people depend.

Finally, it is quite apparent that the planters should restrict their crops as the salvation of the cotton industry seems to lie in making drastic reductions in cotton acreage.

We earnestly hope that every man, woman and child in the south land and the nation will do his or her "bit" enthusiastically and patriotically in this movement so designed and intended for the betterment of all our people, and to the

# NORMAL NOTES

**Seniors Win.**  
The Pesagi staff announce the contest, which they were sponsoring last week for the purpose of electing a king and queen for the May Day celebrations, to be a success and that much enthusiasm was manifested by the students. However the seniors proved victorious over their opponents and elected their candidates.

The king and queen for that day will be Marvin Cassidy and Alice Cameron, and a better couple could not have been selected among the students of the school. Several big events are being planned for the day and the students are anticipating a holiday of real fun and enjoyment. Miss Jones is making preparations for several numbers and other members of the senior class and Pesagi staff will announce later the program for the day. The final plans have not yet been made.

Miss Loa Sarrett has enrolled for this term in the school.

Miss Faye Willis is among the new students enrolled for this term.

Miss Beatrice Graham has been forced to withdraw from school on account of illness.

President A. Linscheld is spending this week in Oklahoma City on business. He will remain there for several days.

Edward Davis has returned from Spiro, and Okmulgee where he spent a few days last week on business and visiting friends.

Miss Knight is again able to take up her school work after being confined to her home for several days on account of illness.

Miss Mattie Sue Minner has returned to this city to take up her work in the Normal after spending some time in Paris, Ark., visiting relatives and friends.

Miss Ocie Hawkins, who is teaching at Tupelo, in the city over the week-end visiting home folks. She also visited friends and teachers at the Normal while here.

Mrs. Hugh Norris left Saturday for Whiteright, Texas where she will spend two weeks visiting her relatives. Her little daughter, Beth accompanied her.

The teachers of the training school held their regular meeting yesterday. This is the first meeting that they have held for several weeks because of various interruptions.

Miss Mamie Hanrahan, who is teaching at Ravia this year, was in the city over the past week-end visiting relatives and friends. She also visited the Normal while here. She plans to enroll in the summer term.

The baseball court and track field at the Normal is being put in a first class condition this week. The track is now in a better condition than it has been for some time. More work will be done on the ball grounds.

The Juniors have begun practice on a play which they plan to give in the near future. The characters have been chosen but the title of the play has yet been made public. The Juniors are planning several important events for the next month and will be very busy.

The Normal has forty new students this term in addition to those of last term who re-enlisted. The enrollment at this time is considerably larger than it was last year at this time and those in charge are pleased with the present outlook for the success of the term. All classes are well filled and have started off in harmony.

The Home Economics club held a call meeting in the reception room Tuesday afternoon for the purpose of looking after several business matters and making new plans for some club work. The regular meeting will be held on April 3, at which time all members are expected to be present.

Coach Clary announces that the men are showing up well for the track events and that a good number are coming out. He will probably enter his men in the inter-collegian meet at Stillwater this year, which will be the first time in several years that the Normal has had an athletic representation at the meet.

The Normal baseball team is coming out regular for practice now and the men are all showing up good. Clary is confident of making a strong college team this year and has already secured several good dates with other colleges. He has almost completed the schedule for this year and several of the games will be played on the home court.

**VINITA, March 30.**—The traction company of Miami has sunk several shafts near Centralia, in search of coal. Geologists believe the shafts will eventually tap a new coal field.

**HOLDENVILLE, March 30.**—A convention of Hughes county Sunday schools will be held at Wetumka in May. Ira Forbes, president of the state organization, will preside.

**CHICKASHA, March 30.**—The annual Grady county track and field meet for high schools will be held here, April 22 to 23. An educational "meet" will be held in connection with the sports program.

**SAPULPA, March 30.**—Sapulpa is to have a new postoffice, costing approximately \$75,000. The building is to be built by private concern and will be leased to the postoffice department.

**CADDO, March 30.**—Caddo is to have a new high school to replace the one destroyed by fire last December. The new structure will cost approximately \$75,000. Work on it will get under way early this spring.

**ANADARKO, March 30.**—Caddo county schools are undergoing consolidation under supervision of F. A. Duke, state rural school supervisor. Ten or more schools may be eliminated under the proposed consolidation.

**PAWHUSKA, March 30.**—Pawhuska's new water reservoir—a dam across Bird creek—is expected to be ready for use early next winter. The reservoir will have a capacity of 70,000,000 gallons. It is being constructed of re-inforced concrete.

**CHANDLER, March 30.**—Representative J. C. Pringley has asked the federal government to donate the plot of ground formerly used as a rifle range to Chandler. The city desires the land for playground purposes. The range covers about 154 acres.

**ANTLERS, March 30.**—The preliminary hearing of Louis Hall, 24, charged with the murder of Mr. and Mrs. Sam Hall, the defendant's aunt and uncle, was to open in district court here March 29. The slain couple were found shot to death at their home, near here, March 21. No motive for the crime has yet been found.

**LAWTON, March 30.**—Harold Lund of Lawton will be one of the actors in the film plays to be produced for Clara Smith Hamon in California, he announced. He has not yet been assigned a part. Clara will receive \$1,500 a week for her services as an actress, according to Lund. The five pictures which Clara will "make" will cost \$100,000.

**PONCA CITY, March 30.**—Only purebred livestock will be raised at the Big "V" ranch, fifteen miles southwest of here, hereafter, according to announcement by the management. William H. Vanselow ranch owner, said he is convinced "there is no money in the stock game except in raising purebred cattle." The Big "V" ranch now has about 625 head of cattle quartered on it.

**NORMAN, March 30.**—Eleven Oklahomans have been listed in the 1920-21 edition of "Who's Who in America." Eleven of those to receive this special rank as prominent.

ment Americans are members of the faculty of the University of Oklahoma. The other two are, Charles T. Kirk, geologist of Tulsa, and George A. Bucklin, consul-general at Paris and a former resident of this state.

**McALESTER, March 30.**—A movement is reported under way in LeFlore county to annex all of Latimer county to LeFlore and Pittsburg counties. LeFlore county supporters of the movement claim they have the backing of residents of Red Oak, Latimer county town. Under the proposed annexation LeFlore county would probably become one of the largest counties in the state.

**PAWHUSKA, March 30.**—Pawhuska's new city commission to be chosen next month and the coming board of directors of the chamber of commerce are to be inaugurated in "style" if the plans of the present board of directors of the chamber do not go awry. These plans call for a public inaugural banquet, a barbecue and a band concert. All Osage county will be invited to attend the banquet.

**MUSKOGEE, March 30.**—C. W. Crouch, Muskogee, claims to be owner of the first automobile ever operated in Indian territory. The machine a two-cylinder car was brought to Muskogee in 1900. The present owner purchased it three years later. The car is still in use and according to its owner makes "eighteen miles or better," an hour. Crouch said he was offered \$1,200 for the machine, but declined to sell it for any price.

**OKLAHOMA CITY, March 30.**—The city gas method of fixing gas rates will be discussed before the corporation commission here March 31. The purpose of the meeting, according to Campbell Russell, chairman of the corporation commission, is to secure additional testimony concerning gas leakage in the distribution system of the Oklahoma Natural.

**OKLAHOMA CITY, March 30.**—The United States supreme court is expected to be called upon soon to pass upon the state inheritance tax law as to its legality. The estate of the late Norman Harkness of New York, which seeks to avoid payment of \$102,000 in inheritance taxes demanded by the state, has served notice that if the state supreme court upholds the decision of the lower courts in the suit brought by the state to collect the inheritance tax, the case will be appealed to the supreme tribunal. The

constitutionality of the state law relating to non-residents is involved in the suit now pending before the state supreme court.

**FREDERICK, March 30.**—A movement is under way here to secure a Carnegie hero medal for Homer Woodward, five years old, who saved the life of his mother when attacked by an infuriated bull at their farm near here, by beating the animal with a club and ordering his dog to charge the animal, which the dog did. The enraged bull was finally put to rout by the combined attack of the boy and his dog. Supporters of this movement say the youth is entitled to the medal because of his bravery and his quick presence of mind in urging the dog to attack.

## Dr. N. P. Patterson To Make Tour of The British Isles

Dr. N. P. Patterson, local pastor of the First Presbyterian church has accepted an invitation of the temperance board of the Presbyterian church of England, Ireland and Scotland to make a three months lecture tour of those three countries in the interests of the temperance cause, and has made reservations to sail from New York City on the S. S. Lafayette July 1.

He will embark at Havre, France, and cross the English channel to Ireland. He expects to preach his first sermon at Newtownards, Ireland, a beautiful city of 40,000 inhabitants on the 10th of July. A former college chum, Rev. Archibald R. Wright, who acquaintance he made while both attended the McCormick seminary, at Chicago, is pastor of the Presbyterian church at that place, and it is due in part to his friendship that Dr. Patterson has been presented with the opportunity to make the tour.

Dr. Patterson expects to spend the first two weeks in Ireland, the next two weeks in Scotland, and the remainder of the three months in England. In connection with the temperance work, he expects to make a study of conditions in the countries visited and return to the United States with a fund of valuable information which will be of great value to him in his ministry. In addition to the temperance work, he will supply one of the Presbyterian pulpits of the cities visited each Sunday.

Dr. Patterson announced today that he is planning to secure the services of the best man available to fill his pulpit here during the month of July. The month of August is the pastor's regular vacation month and there will be no services at the church.

Both members of his church and the other citizens of Ada rejoice at

## "Clean Up" Notes

Remember this is the week for cleaning up, how attractive we can make things by planting flowers. We must not let Durant and Shawnee surpass our city. They boast that they have lawns equal to California. We can do the same.

By the time Governor Robertson's "cleanup week" proclamation effective, April 4, Ada will have been on the job for a week, proven in the best is always first and means that Ada will finish one week ahead in the contest. Meet your neighbor in the alley at 7 o'clock Thursday evening.

Ada's biggest effort possible to make herself beautiful. When thru Mr. A. B. Mears has planted kale in his alley, it will not only make the alley look better, but will furnish food for both man and fowl.

Our attention was called in the Evening News last evening to the importance and necessity of careful vigilance on the part of our milk supply. How sad would be to feed our children on milk that might be giving them the dreaded disease—T.B. There are so many things included in a city cleanup drive.

# THE MERRY JOURNEYS OF MARY JANE

"Here is something de-li-cious to eat" said Mary Jane to Old Baldface

## Mary Jane and Old Baldface the Horse

ONE day the doctor came to see Mary Jane's mother and tied Old Baldface, his horse, up to the hitching post in front of the house. Mary Jane and Baldface were old friends, because he was with the doctor the night the stork brought Mary Jane in the big wicker basket. So Old Baldy said: "Have you anything good to eat left over from lunch?" And Mary said, "We had some wonderful, delicious corn bread for lunch—you wait here and I'll get you a piece." Mary went into the house and spread a great big piece of corn bread with Mary Jane Syrup, for nothing in the world ever tasted better to Old Baldy than corn bread and Mary Jane Syrup. She brought a piece for herself too, and so they had lunch to-

gether and sat there and visited until the doctor came out.

Baldy told the doctor that Mary Jane was the best friend he had anyway, because nobody every gave him anything so delicious in all his life as that spread of corn bread with Mary Jane Syrup.

The doctor told Baldy that everybody ought to know about this, and it made people healthy, strong and ruddy — whether they were little girls and boys like Mary Jane and her brother Bobby, or whether they were grownups, like Mary Jane's mamma and papa and Grandma Susan.

## Nation Wide Move Will be Made

## To Free Eugene Debs, Socialist Leader

CHICAGO, March 29.—The energetic campaign of the socialist party to secure the unconditional release of Eugene V. Debs and all other political prisoners was sealed with approval by Eugene V. Debs himself in a recent interview with Otto Branstetter, national executive secretary of the socialist party, in a reception room of the Atlanta penitentiary.

Branstetter was the first outsider to see and speak with Debs since the revocation of prison privileges by the Wilson administration.

The plans for a nation-wide petition, to be presented to Congress on April 13 and 14, the second anniversary of the locking up of Debs, the visit of numerous delegations from a large number of cities to Washington on those days, who will seek to interview Attorney General Daugherty and President Harding, and all other means to get the attention of the American people upon the matter of amnesty were discussed by Debs, and fully approved, according to Mr. Branstetter.

Upon one matter alone, that of picketing the White House immediately, was there some question and upon Debs' suggestion, it was decided to hold the matter of picketing in abeyance.

The motto adopted for the amnesty drive is "Let's get them all out," and the determination to work for the release of all political prisoners was emphasized by an incident that Mr. Branstetter learned of in Atlanta. He said that Joseph M. Coldwell, old time socialist party worker, and espionage prisoner, was twice informed that the prison parole board was willing to recommend him for a parole. Coldwell, however, refused to permit them to recommend him for parole.

"While 'Gene' is in," he said, "I will not voluntarily go out."

Mr. Branstetter said that Mr. Debs looks well, and is in excellent health and good spirits.

"Gene was never in the 'hole,'" said the socialist executive, "nor did he suffer any personal mistreatment."

Speaking of the matter of the campaign, Secretary Branstetter said that the other plans except White House picketing are being vigorously pushed, and they will not be changed on account of the criticism that they are intended to intimidate the president or calculated to excite antagonism on behalf of other wise sympathetic persons.

"It must not be forgotten," Branstetter continued, "that the right of the people peaceably to assemble and petition the government for a redress of their grievances is a part of the constitution, and most sacredly cherished. The attempt on the part of our opponents and some of our misguided friends to construe the peaceable exercise of this fundamental right as something revolutionary and lawless is not complimentary to the administration and it shows a lack of confidence that the administration intends to do the right and proper thing in the matter of political prisoners."

"Since when has a petition to congress become an unpatriotic or a lawless act? Since when is it disrespectful or discourteous for American citizens to come to the seat of their government with personal requests upon their congressmen and senators for redress of grievances? To say that the proposed demonstration, with the picketing feature eliminated will excite antagonism in administration circles and cause them to hesitate or refuse to do an act of justice to which they are committed is to place them in exactly the same category as the disgraced, despised

and discredited Wilson administration, whose policy was that in order to get any consideration in any matter citizens were to debase themselves before the president. We do not believe that this spirit animates the incoming administration."

"We expect the new administration to be reactionary in many particulars," said Branstetter, speaking for himself, his committee and for Debs, "we expect that it will oppose many just demands of the organized workers, and the wishes of the people generally, but we do not believe that they are going to deny the right of petitions to consider it, as did the Wilson entourage, insulting and presumptuous, on the part of any group of citizens to make their wishes known."

"Amnesty committees are being organized in every part of the country, and it is certain that the delegations that will come to Washington will number many thousands, from scores of cities."

## TEXAS COTTON MEN FAVOR THE OKLAHOMA PLAN

GALVESTON, March 30.—In an interview here today with a representative of the Oklahoma Cotton Growers Association, Eustace Taylor, president of the Galveston Cotton Exchange expressed his strong approval of the plan upon which the association proposes to operate.

"The plan of your Oklahoma cotton association appears to me to be sound," said Mr. Taylor "and I am sure that it is workable if the association is properly handled."

"Through such an organization, your growers will be operating on a par with the big cotton merchants and many unnecessary handling costs will be eliminated, effecting a considerable saving to your farmers."

"The average loss to the producer through unnecessary waste in handling will run \$6 to \$7 per bale. A single overhead selling agency, carrying the cotton all the way through to the spinner or the spinner's broker, would eliminate such waste as well as keeping to the grower several points which now go to the various agencies handling the cotton between the farm and the mill."

## KNEE LENGTH SKIRT AND SIDE CREASE IN TROUSERS STARTLE CINCINNATI FOLK

Miss Frank Nevis in her knee-length skirt and Frank Sinclair with his side-creased trousers.

Americans thought little about it when King George of England appeared in public recently with his trousers creased at the sides—as were those of our uncles and fathers, perhaps. But when Frank Sinclair appeared on the street in Cincinnati recently with the crease “in the wrong place,” the people stared quite hard. With Sinclair appeared Miss Frank Nevis in a knee-length skirt, which is quite the thing in Paris.

## WHAT OF OUR FUTURE?

Managers of industries, corporations and banking institutions are facing responsibilities for the next two years that would stagger generals of armies and statesmen, with this difference: the industrial leaders cannot fall back upon the lawmaking and taxation powers of the government to help them solve the riddle involved in keeping their properties intact and their customers and employees satisfied, to not even mention their stockholders.

State and federal instrumentalities must become more constructive and helpful if the big factors in the national prosperity status are not handicapped and crippled beyond resuscitation. Who can say our state agencies have in the main been helpful in the solution of industrial problems? Government, as a rule, is cold and unsympathetic toward struggling industries and public service undertakings with private capital. Should not this policy be reversed?

What are the two greatest factors in restoring normalcy and preventing a national collapse industrially and financially? We have passed through a "consumers strike," and are now in the throes of an industrial stage where home consumption is falling off and foreign markets are diminishing from the great war-time demands made of the nation.

The readjustment that will take place in the next two years will be attended by declining prices and wages. Capital, labor and agriculture will have to absorb their share of the shrinkage in values and economic losses. There will be no margin for wild talk or wild actions and intelligence must reign as the superior power in human affairs and overpower resorts to violence.

Twenty billions spent in the world war, and as much more lost through individual extravagance and inefficiency, and morale lowered through the excitement of a great world struggle against military autocracy, requires of every American citizen the highest and most patriotic resolution to repair the great loss to our normal prosperity.

How can we maintain the high standards of comfort and prosperity to which we are accustomed? Only by individual sacrifice, by individual savings replacing the destroyed stores of capital needed for development of our country.

If every family of five could put in the bank a thousand dollars savings in the coming two years the great shellhole blown in our garnered national wealth would be filled up and we would be back to normal.

It should not be difficult for the average man or woman to lay aside one hundred dollars a year for the next two years and it would restore our equilibrium and avert a debacle.

Backed with sound judgment and economy in public affairs, this nation faces the most prosperous period of its existence.

Have faith in your country, your business, your fellow man. Nobody ever played the United States short and won.

## BONUS TO SERVICE MEN.

Shall the bonus to service men be given by the states or by the federal government? The national convention of the American Legion asked that aid be given by the national government. The resolutions suggest that there be a cash bonus, or a gift of land, or aid to secure a home in a town or city. This alternative system would result in giving soldiers, sailors and marines the kind of help that would be preferred. Many could get along without the cash bonus, but would appreciate aid to get a home or government land. Only by an act of congress could this alternative system that the legion asks for be worked out. Half a dozen states have already voted aid in the form of a cash bonus making a double system when logically it should be a national undertaking.

## OW THEY DO IT IN LUNNON.

Changes have lately been made in the telephone system of London and a visitor from the East End of the world's metropolis was trying to tell about it the other day in the Hotel McAlpin!

"In Lunnon, old top, they don't 'ave this 'ho-lo' business on the telephone that you 'ave. 'Only fawncy! What?

"We used to say 'H'are you there? H'are you there?' and if there was no hanswer from the chappy we thought he 'ad died or moved. Then some bloomin' Hamericans introduced 'Ello!' and we 'Ello'ed' and 'Ello'ed!' It served to lengthen hour lives a bit.

"We 'ave a new system, now old dear, and while you are puttin' in the 'ho-ho' we are tyking awy the 'Ello!' A bit revolution-ary with an old and Henglish conservative people this loppin' off the king's Henglish, but the rule is:

"Give your nime or number before conversation. Do not say 'Ello!' If kivin' your nime is not conversation, what is? A trifle akward, I calls it. And we 'ave another rule: 'Pronounce the letter hi long in nine, dye mind. Ow in bloomin' time you pronounce 'hi' in nine except long? It's a quaint ideer. Only fawncy! A bit thick I calls it.

"I suppose the Hamericans 'ave been at it again. Wy don't they leave the king's Henglish alone."—Pittsburgh Dispatch.

## LEGISLATORS DUTY PLAIN.

The legislatures of various western states are now in session.

These bodies owe a duty to each state which they cannot sidestep.

They owe it to the state to see that every industry and every individual is allowed to go ahead to the fullest extent in order that prosperity and employment may be maintained.

Never before have the responsibilities on our lawmakers been heavier or their direct responsibilities to the public greater.

Taxation must be reduced. No new burdens can be loaded onto industry and meddling legislation and regulation must not be sanctioned.

In other words, it is the duty of our lawmakers to give industry and the individual a chance to re-establish himself on a peace-time basis without undue legislative and political interference.

## Church News

First Baptist Training School. There were quite a large number present last night to continue the study course, which is being conducted at the First Baptist church, in spite of the severe weather. We discussed the third, fourth and fifth chapters in the Bible division of the manual.

The lesson for tonight will be chapters six, seven and eight. If you did not get to come last night for some reason we will be glad to have you tonight. It is possible for you to get these first eight chapters up and come from now on and complete the course.

If you cannot take the course through we will be glad to have you come and visit the class and get the benefit of a part of the work. It is a splendid course and will give a splendid scope of the Bible which will help one to study the Book for themselves and get a better understanding of it.

We meet tonight at 7:15 o'clock and continue until 9:15 o'clock. Come and be with us.

## Murderer of Tim Hadsall Is Still Wandering at Large

County officials report that no trace has been found of W. R. Robbins, the man who murdered Tim Hadsall December 29 in a cotton field twelve miles northwest of this city. From the time that he released his daughter, the wife of the murdered man, near Tyrone, about 10 o'clock the morning after he had beaten her up and carried her away, this Cain-branded man has not been heard of.

Mrs. Hadsall is still in this neighborhood, and if suitable work can be found she may make Ada her future home. She and her late husband came here from Deming, New Mexico, where they were married last February. Mr. Hadsall worked at the cement plant for two months, leaving with his wife for the country to pick cotton about a month before he was murdered by the father of his wife.

It is said that Robbins was wanted in Robinson county, Texas, on a murder charge before he mysteriously appeared in the cotton field northwest of the city and killed his son-in-law whom he had never seen before the hour of the killing.

## Eighth Annual County Poultry Show Opens 13th

The eighth annual show of the Pontotoc county branch of the Oklahoma State Poultry federation will begin Thursday, January 13, and will be in session three days, closing the afternoon of Saturday, January 15. The show will be held this year in the building recently vacated by the Bennett Storage and Transfer company, on Twelfth St.

If all the fowls are entered which have been pledged the show will be much better this year than ever before. Pamphlets containing the rules of the contest, and naming the prizes were mailed out over a month ago to persons whom the committee thought would be interested.

In addition to the prizes offered in the printed list a prize of five dollars will be paid to the person who guesses closest to the weight of a number of fowls which will be on display in the front window of the building. Anyone may enter this contest and guess on the weight of these fowls, and this feature will no doubt be one of the most interesting of the entire show.

It is said that the people of the Center neighborhood are figuring on a fine display, and reports from other parts of the county indicate that Center will by no means be the only community represented.

The building in which the show is to be held is large enough to permit the best arrangements being made to properly display the fowls and leave plenty of room for persons to move about who visit the show.

## The Business of Business

This store has investigated the markets and found that conditions everywhere point to a period of real prosperity. Factories can now produce goods at lower costs. People can buy practically everything cheaper than they could for five years. This store rejoices in its ability to put prices back on a sane level. It believes in the effort to be a humanized service to its patrons and the community at large and as such has cumulative value.

To restore faith in re-establish old prices, to maintain an evenness, and sanity with its business dealings with others.

We have marked our merchandise at prices that we are sure will not be any lower during the Spring season, people can now buy practically everything that is necessary to fill normal needs without fear of prices going lower.

# Merchants Will Elect Permanent Officers Tonight

Members of the Ada Retail Merchants association and Credit Bureau will meet at the Harris hotel parlor at 7:30 tonight, to complete the organization by electing permanent officers.

A temporary organization was formed a month ago when the eight teen charter members selected Ben Scheinberg as the temporary president, and J. E. Williams temporary secretary. Since that time a committee appointed by the organization has called on most of the business men of the city, with the view of increasing the membership. The work of this committee has been very successful and it is reported that most of the business men of the city have become members.

While the credit bureau is to be privately owned by J. E. Williams who recently came to this city from Shawnee to take charge of it, he will conduct the work in the office under the direction and supervision of a board of directors elected by the members of the organization.

The directors, one of whom will be president of the association, will be chosen at the meeting tonight and it is thought that the membership will be well represented at this meeting.

Persons who wish to join and take part in the meeting tonight will be given an opportunity before the business session starts, and all persons interested in the organization will be welcome at this meeting.

## Ada High School Team Wins First Game of Season from Sulphur

The baseball season opened in Ada yesterday afternoon when the Ada high school team met and defeated the lads from Sulphur in a nine inning game, the final score being 10 to 3. The game was a good one and was interesting throughout. At no time during the game was Ada in danger of losing and they proved themselves by far the superiors over the Sulphur boys.

Early in the game Ada took the lead with one score in the first inning and two in the third. Others followed during the progress of the game. The Sulphur team lacked experience and team work and several bad "boners" were pulled. Their mound artist was not an equal to the Ada hitters and many long hits were made.

The Ada high school has a good team this year and with the able coach, Oliver Vernon, the school hopes to make a good showing. They have a far better team this year than last and the men are all showing up well. After the game yesterday however, a few changes will be made and the men shifted into better positions.

During the ball season last year the Ada team defeated Sulphur twice and have started this season's work by scoring a good victory. Many other good games have been scheduled for the next month and several of them will be played on home grounds.

The line-up used by Vernon yesterday was as follows: Anderson, catcher; Kreiger, pitcher; Potts, first base; Evans, second base; Page, third base; Deavers, short stop; Williams, right field; Harrison, center field; Steed, left field. Laird sub for Steed in fourth inning.

## The Cozy Cafe Opens On East Main, Good Business First Day

One of the new businesses of the city which will be appreciated by those who find it necessary to eat their meals away from home is the brand new cafe at 315 East Main, which opened yesterday afternoon under the name of the Cozy cafe.

The proprietors, Hensley & Clement, have cleaned up the rooms and furnished them with up-to-date fixtures. Several persons were served the opening day.

## Building Permits

Ada continues to grow in size and each week brings her one step nearer to large city which her friends expect her to become. During the past week permits were issued for the erection of \$17,850 worth of residence buildings to be built at various places within the city limits. The following is the record:

Wm. H. Simerly, a \$3,500 frame residence on lot 16, block 7, college addition.

T. B. Coleman, a \$2,000 concrete stucco residence on lot 3, block 14, Dagg's addition.

Dennis A. Davis, \$3,000 frame residence on lot 2, block 9, Capitol Hill addition.

Henry Bowie, a \$3,000 frame residence on lot 7, block 8, Belmont addition.

R. J. Gargis, a \$400 frame addition to his home on lot 7, original town.

Mark Whitney, a \$1,000 frame residence on lot 16, block 7, Glenwood addition.

R. P. Ford, a \$1,500 frame residence on lot 22, block 3, Ford addition.

J. M. Johnson, a \$2,750 frame residence on lot 18, block 3, Ford addition.

T. B. McCoy, a \$700 frame residence on lot 15, block 143, original town.

The fine brick residence that has been constructed by W. E. Harvey on East Ninth street is nearly ready for occupancy. New fixtures and furniture have been installed and this will be one of the most up-to-date homes in this part of the city.

## Elks Complimented On Year's Record By District Deputy

The regular Elks' meeting last night closed the term of the officers who have served the local post during the past year, and two weeks hence the newly elected officers will be installed.

District Deputy Hines was present at last night's session, and in an address threw several merited bouquets at the Ada lodge.

In reviewing the splendid work of the organization during the past year, Mr. Hines reminded the members of his visit to the lodge a year ago. At that time he had informed the club that it was behind all of the clubs of the state in membership, finances, lack of interest and activities, whereas, today, the lodge is in better condition than any other in the district, and ranks with the foremost clubs of the state.

During the past year the membership has been increased 100 per cent, new life and interest have been instilled, the rules of the order are being better observed by the members, and the lodge is in good condition financially. Mr. Hines said that it will be a pleasure for him to give the most commendable report to his superiors on the condition here.

The new officers to be installed at the meeting April 11 are as follows: Tom Roff, N. B. Stall, W. T. Fentem, Don Orr, Jim Statts, Cliff Dorsey, Claud Pitt, Leslie Prince and Ed Haraway.

## MARRY 'EM YOUNG, TREAT 'EM GENTLE, SAYS CHICAGO JUDGE

Chicago, March 30.—Marry 'em young, tell 'em everything and treat 'em gentle if you'd be happy the rest of your life.

This advice came today from Judge Joseph Sabath, divorce chancellor of the superior court.

"I am a strong believer in early marriages—my experience as a di-

vorice court judge has taught," said Sabath.

The average girl in Chicago "get hitched up" between the age of 18 and 25 Louis Legner, chief clerk in the marriage license bureau, said. Most men marry between the ages of 21 and 30.

Legner declared hundreds of couples who become engaged during leap year are just getting married now after hunting apartments for months.

He said that marriage licenses during the first three months of this year had fallen off compared with the same period in previous years.

"We give many licenses to sixty year old men to marry 30 year old girls," he said.

"Another marriage freak is that aged couples who wed usually marry in the winter."

Mr. and Mrs. E. L. Saxon left this morning for their home in Muskogee after spending several days here visiting business friends and looking after business matters.

## Three Epochs in Woman's Life

There are three critical stages in a woman's life which leave their mark on her career—the first when she changes from a carefree girl to a woman, the second motherhood, and the third is change of life. Most of the misery which comes to women through ill health dates from one or other of these periods, but women should remember that Lydia E. Pinkham's Vegetable Compound is a reliable remedy and has been very successful in overcoming the ailments which may come to them at these times, as it is a natural restorative for such conditions. Nearly a half a century of success entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded woman. (13)
